

## AccessOne® Refill Management Program

The AccessOne® Refill Management Program is designed to assist your office in preventing gaps in treatment with STELARA®(ustekinumab) due to missed appointments or failure to schedule shipment. We can provide your office with a list of patients on therapy with STELARA® who are currently being serviced through AccessOne®. The AccessOne® Refill Management Report will provide upcoming anticipated shipment dates provided by specialty pharmacy providers for patients currently being serviced through AccessOne®. Initially, you will receive a report containing all of your patients on Therapy with STELARA®. Then, each month, you will receive a report for patients with anticipated shipments for the next month. Attached is an example of the AccessOne® Refill Management Report.

To begin the process of receiving weekly reports, please complete this form and fax to AccessOne® at **(866)489-5955**.

If you have any questions regarding the AccessOne® Refill Management Program for STELARA®, please call AccessOne® at 1-888-ACCESS-1 (222-3771), option 3, Monday through Friday, between 8:00 AM and 8:00 PM, Eastern Time.

Before prescribing STELARA®, please see Full Prescribing Information and Medication Guide available at [www.centocoraccessone.com](http://www.centocoraccessone.com)

Please be advised the anticipated dispense date is obtained by AccessOne® from the specialty pharmacy providing STELARA® for your patients. The anticipated dispense date is not the actual day of dispense. Overall, AccessOne® does not know the actual dispense date of the medication; therefore, only you and your patient can determine if this information is useful in the scheduling of STELARA® injections.

If you would like to opt-out of the AccessOne® Refill Management Program for STELARA® please call AccessOne® at 1-888-ACCESS-1 (222-3771), option 3, Monday through Friday, between 8:00 AM and 8:00 PM, Eastern Time.
